Continuation Sheet (PTOL-303) 09/990,331

The newly submitted claims 21-34 do not place the application in condition for allowance. Independent claims 21, 28 and 32 are similar to previously presented claims. Claims 21, 28 and 30 are modified versions of claims 1, 11 and 18. The modification is based on what criteria is used to classify different parts of the packet. The new claims use only the checksum field to indicate the different parts of the packet. The Examiner has reviewed the rejection and believes the rejection to the previously presented claims is proper. These modifications to the claims are new issues and would require additional search and consideration causing burden on the Examiner.
